

Decision Making Flowchart

You are presented with a choice.

A decision needs to be made (could be trivial or critical)

Consider possible options and ask the following questions regarding each option:

What would be most honoring to God?

Why do I want to choose this option, really?

What story do I want to tell about this decision in the future?

Am I paying attention to any tensions I feel regarding this option?

Based on my answers to the 4 questions and in light of my past experiences, my present circumstances, and my future hopes and dreams, which is the wisest option?

Move forward confidently with the wise decision!
